2026 Catering Menus

When Crisp Catering opened in 2004, the vision was to create community around food that feels fresh, thoughtful and dazzling without ever being stuffy. More than 22 years later, I am proud to say we are one Sacramento's finest, continually delivering exceptional service, fresh seasonal dishes and stunning presentations that bring events to life.

Along the way, we built lasting relationships with clients, community partners and friends who have trusted us to be part of their special occasions— from weddings and holiday parties to fundraisers and museum galas. These experiences continue to inspire me every day.

At Crisp Catering, our goal for the future is to make hosting effortless and joyful for you. We handle the details so you can enjoy the gathering. Our team takes pride in blending creative ideas with classic favorites. Whether you're planning an intimate dinner, a corporate event, or a celebration for hundreds, we want your guests to leave talking about the food, the service and the experience.

Thank you for considering us to be part of your event.

Best Wishes,

Joe Thompson
